

## Camera WIFI 6IR 1080P Built-in Battery/Magnetic Mount 130°

### SKU

23315-WIFI

The **23315-WIFI camera** is a **wireless WiFi HD camera** with a **built-in battery and magnetic mount**, designed to connect directly to your **smartphone or tablet** – no monitor required.

It delivers **1080p AHD image quality**, features **6 infrared LEDs for night vision**, **IP69K waterproof protection**, and a **durable magnetic base** that allows easy relocation between vehicles.

Perfect for **caravans, trailers, construction equipment, or temporary setups**, where mobile viewing is preferred without permanent installation.

### Teknisk information

#### Specifications

Operating Frequency: 2400–2483.5 MHz (WiFi connection)

Lens: 1/3" Sharp CCD

Video Output: 1080p AHD

Resolution: 1920(H) × 1080(V)

Viewing Angle: 130°

Vibration Rating: 10G

Waterproof Rating: IP69K

Minimum Illumination: 0LUX

Power Supply: DC 5V (battery-powered)

Battery Type: Lithium-polymer

Capacity: 8000 mAh / 3.7 V / 29.6 Wh

Interface: Waterproof Type-C (QC2.0 fast charging) 12V / 1.5A

Indicators: Fast charging & battery level (25–50–75–100%)

Power Switch: Touch-activated

Charging Temperature: 0°C to +40°C

Battery Life: >800 cycles

Operating Time: Approx. 14 hours

Mounting: Magnetic base (silicone coated)

Dimensions (W×H×D): 138 × 80 × 70 mm (without antenna)

Operating Temperature: ?20°C to +60°C

Storage Temperature: ?30°C to +70°C

Infrared LEDs: Yes (6 pcs)

Color: Black
