

Camera System 9" 1080P incl. 3 Cameras 13002-N 1×10m 2×20m 3CH

SKU

88242

This complete AHD 1080P camera system is designed for professional use in vehicles and other demanding environments where high image quality, reliability, and easy installation are essential.

The combination of three robust visor cameras with WDR technology and a 9" AHD monitor provides a clear and stable image in all lighting conditions. The system is built to withstand harsh Nordic weather conditions and is delivered complete with cables and brackets for a smooth installation.

- **Full HD resolution (1080P)** – sharp and detailed images
- **WDR technology** – perfect image in both bright and dark environments, especially important without IR
- **IP69K rating and lens heating** – works year-round in tough climates
- **Robust construction** – vibration-proof up to 10G
- **9" AHD monitor** – high brightness, wide viewing angle, and support for multiple formats

Scope of delivery:

- **Cameras:** 3 pcs AHD 1080P visor cameras
- **Cables:** 1×10 m 4PIN, 2×20 m 4PIN
- **Monitor:** 1 pc 9" AHD monitor
- **Mounts:** Stainless steel U-brackets and sunshades for the cameras, plus monitor brackets.
