

## Monitor 7" 1080P Standing 2CH

### SKU

10328

Monitor 10328 is a compact 7-inch monitor featuring high resolution (1024×600) and an IPS panel for sharp images and wide viewing angles. It supports two video channels and includes an OSD menu for mirror/normal image switching, reverse delay, and trigger priority. With a wide DC 11–32 V operating range, surge protection, and 5G vibration resistance, it is a reliable choice for vehicle applications.
